In this session, educators will explore the guiding principles of the *Blueprint for Improved Results for Students with Disabilities* with the lens to close the achievement gap. This foundational document will also be used to design instruction in order to provide students access to the Next Generation Standards (NGS).

**OUTCOMES**

Participants will:

- Explore the *Blueprint for Improved Results for Students with Disabilities*.
- Identify the principles of the blueprint that connect to Specially Designed Instruction.
- Understand the role of the Standard-Based IEP in creating Specially Designed Instruction.
- Develop student goals that are aligned to the Next Generation Standards.
