HUMANE EDUCATION TRIP – Visit Skylands Farm Sanctuary, October 19, 2019

Join us for a day trip to the beautiful Skylands Farm Sanctuary and Rescue. Skylands has been a paradise for previously neglected and abused farmed animals. Visit clucking hens, crowing roosters, quacking ducks, oinking pigs, turkeys, goats, cows, horses, and other animals that call Skylands Sanctuary their home, all of them with their own unique personality and personal history.

The sanctuary provides a loving home and specialized care, taking an individualized approach to the long-term care of each of our animal residents who find a safe haven at Skylands. Join us as we tour the sanctuary, connect with and learn to appreciate farmed animals as individuals, and experience nature at the preserve.

Skylands Farm Sanctuary and Rescue is the ideal destination for a transformative experience. Immerse yourself in the vital animal protection and conservation work on the farm, while you relax and rejuvenate in a majestic and natural setting

The workshop is limited to 50 participants.

To register, please go to the following link:
